NILE VANITY RANGE

The perfect choice for a stylish and functional bathroom. The vanity comes with a fully waterproof compressed foam board, ensuring durability and longevity. Available in three different sizes - 600 mm, 900 mm, and 1200 mm - the Nile Vanity Range offers a range of options to fit your space.

The range eliminates the need for a separate countertop basin, making it a convenient and cost-effective solution. With its sturdy design, there will be no cracking or breakages during transportation or installation. The vanity has no pre-drilled

holes, making it compatible with all types of countertop basins. It also features easy drilling options for both waste and tap holes, allowing for easy customization. Upgrade your bathroom with the Nile Vanity Range - where style meets functionality.

CONGO VANITY RANGE

Introducing the Congo Vanity Range - the perfect combination of style and durability for any bathroom. Made from fully wrapped MDF (Supawood), the Congo Vanity Range is extremely durable and water-resistant, making it perfect for wet areas. Smooth, soft-close drawer runners, the vanity provides easy access to your bathroom essentials while reducing noise and

wear and tear. The vanity is easy to clean, making it a hassle-free option for busy households. The new improved hanging system ensures secure and stable placement, while the compact open shelf provides additional storage for towels and other essentials.

Upgrade your bathroom with the Congo Vanity Range - where durability meets style.

BASINS & TOPS

Introducing Waterford Solutions' exceptional Basins & Tops, fortified with cutting-edge SMC (Sheet Molding Compound) technology. Our products boast a composition of non-alkali fiberglass, unsaturated resin, aluminum hydroxide, and color paste, ensuring top-notch quality and durability. The advantages of our SMC Products are truly unmatched, providing higher strength than both artificial stone and acrylic materials, yet maintaining a remarkably lighter weight. With incredible load-bearing capacity, our Basins & Tops

can withstand substantial weight without requiring additional support, eliminating concerns about installation voids around outlets. Resilient to cracking, discoloration, delamination, and warping, these products showcase unrivaled longevity. They are resistant to moisture and corrosion while also offering electrical insulation properties. Embrace the future of bathroom solutions with Waterford Solutions, where innovation meets reliability, and installation is a thing of the past.
